Introduction

Gulf Mix Trading Est. is a well-established company that was founded in 2011 in Dammam, located in the Kingdom of Saudi Arabia. Since its inception, the company has been recognized as a leading supplier and stockist of various components, including electrical, electro mechanical, instrumentation, and oilfield-related products.

One of the key strengths of **Gulf Mix Trading Est.** is its specialized marketing team. This team works diligently to ensure that the products they offer are readily available and attractively displayed on shelves. This focus on presentation and accessibility enhances the overall shopping experience for customers and contributes to the company's reputation for professionalism and customer satisfaction.

Our Goals

Our Mission

Our mission is to deliver products that optimize operations, enhance safety, and reduce environmental impact for our marine, oil and gas industrial clients. We strive to exceed expectations through our commitment to innovation, reliability, and technical excellence.

Our Vision

To be the premier product provider in the marine, oil & gas industries, known for our innovative approach, exceptional service, and seamless integration of products.
